**REPORTS OF COMMITTEE**

**AD HOC COMMITTEE ON MUNICIPAL GOLF COURSE/SKATING RINK**  
**MARCH 26, 2015**

P181-15 COUNCILLOR DRISCOLL – Reporting for the Ad Hoc Committee on Municipal Golf Course/Skating Rink – Tonight we had a very informative meeting concerning the golf course and skating rink. The golf course is doing quite well. They have a marvelous number of golfers participating up there and they financially seem to be moving right along. It was noted in a short time hopefully the bond will be paid off and there will be nothing but profit. There was some discussion about the purchase of land to serve as a buffer zone up there and we were going to keep that in committee. There was also discussion concerning adult beverages being used and expanding the use of the grill area for the golf course for perhaps special events and that also was kept committee. Then we went to the skating rink and we had a presentation by Paul Logiudice. He explained the good news that it's a marvelous community center, especially for our youth and it's actively being used and they're well financially. His problems, as he noted, was the lease agreements that we have with the state. Sometimes the city would like to do some things, but they run into the roadblocks and they're not getting a heck of a lot of help. One of the concerns mentioned was the ladies locker rooms up there. There was an interesting comment by Councillor Manning-Martin to the fact that the state supposedly owns the area, but yet the Title 9 problem

was forced on the city where the City was held responsible for building a ladies locker room, but not another locker room, and there's certainly need for more locker rooms up there because the rink was built way back in the 1970's and the locker room sizes are very small. So Councillor Manning-Martin made the following motion. (Report received)

P182-15 COUNCILLOR DRISCOLL – Reporting for the Ad Hoc Committee on Municipal Golf Course/Skating Rink - MOVE TO request that the City Solicitor advise the City Council of who is responsible for adherence to Title 9, whether it be state or the city, and who perhaps should be contributing more in case there's some fiscal needs to build more locker rooms at the Skating Rink. (Unanimous)

P183-15 COUNCILLOR DRISCOLL – Reporting for the Ad Hoc Committee on Municipal Golf Course/Skating Rink - MOVE TO request State Senator Joan Lovely, State Representative Leah Cole, and State Representative Ted Speliotis provide the City Council with information regarding the feasibility of the City of Peabody buying the skating rink. (Unanimous)

**PUBLIC SERVICES COMMITTEE**  
**MARCH 26, 2015**

P184-15 COUNCILLOR MANNING-MARTIN – Reporting for the Public Services Committee – Public Services Committee met this evening; present were Councillor Saslaw, Councillor Walsh, Councillor McGinn, Councillor Gould and Councillor Driscoll sat in this evening. Also in attendance, in addition to the council, representing Public Services was David Terenzoni, the assistant director of the Public Services Department; the Director of Finance, Ms. Patti Schaffer; and Mary Codair Martin, the City Collector. We discussed the status of pothole repairs in the city and the finances involved. Mr. Terenzoni reported that he had two independent contractors working on potholes since about a week after the first storm and two of our own crews. Since then we have been repairing using just our own city crews. The mayor is currently prioritizing which streets will be paved and public services will coordinate around those streets as it is prioritizing which remaining potholes will be filled. The city is on track to meet the deadlines imposed for reimbursement by the state for the latest awards by the state of \$189,000 of the \$30 million awarded through Governor Baker's winter assistance program. We are expecting more road damage caused by upcoming frost heaves so residents are encouraged to continue to call the pothole hotline at 978-536-7119 and we are asking that this number also be posted on PAT TV. We discussed the matter of filing claims with the city for damages through its insurance company caused by potholes to vehicles. Unfortunately it was reported that of the 43 claims that were filed by residents so far this year, 31 have been denied and the remaining have yet to be decided or basically they haven't been denied yet. This was discouraging news for the council and it is a decision that is made by the insurance company. The insurance company the city uses is Trident Insurance. What was noticed in the denial letters to the residents on their claims was the lack of any information from Trident Insurance of a suggestion or information of their right to file an appeal. Ms. Martin, the tax collector for the city, will advise the council how residents can go about appealing and she will also notify Trident of the city's displeasure that the information is not afforded to the applicants in their denial letters. This was again very discouraging, but we hope that the applicants get a fairer shake from Trident Insurance Company during the appeal process. It was also evident that the long winter is not only taking its toll on our roads, but it is also taking a toll on the temperament of department of Public Services. That was rather off-putting, but it has been a long winter for all: Staff and citizens and taxpayers. On a more positive note the following motion was made. Peabody has been awarded \$635,000 in January, \$189,000 just this week and will be awarded \$1,280,000 geared towards the year 2016 when those moneys are released. We have a lot of work to do on our roads and we appreciate all the help that we've received in financing the repairs caused by such a terrible winter. (Report received)

P185-15 COUNCILLOR MANNING-MARTIN - Reporting for the Public Services Committee - MOVE TO send a letter of thanks to Governor Baker and Lieutenant Governor Polito for their continued assistance to cities and towns by releasing Chapter 90 money for road repairs and additional winter recovery assistance program allocations, specifically for potholes.

**COMMITTEE OF THE WHOLE**  
**MARCH 26, 2015**

P186-15 COUNCILLOR WALSH – Reporting for the Committee of the Whole – The Committee met to review Sections 2-13 and 2-13.1 and there was a motion made by Councillor Osborne to take no action. (Report received)

P187-15 COUNCILLOR WALSH – Reporting for the Committee of the Whole – The Committee met to review Section 2-14 and there was a motion made by Councillor Osborne to take no action. (Report received)

P188-15 COUNCILLOR WALSH – Reporting for the Committee of the Whole - MOVE TO request that the City Solicitor clarify the ordinance regarding the salaries of the mayor and the City Council and the possibility of separating so that the council salary is not a percentage of the mayor's salary and also whether the possibility exists of creating a salary for the office of mayor and then whoever holds that position has the prerogative of accepting that increase, if it is voted by the council. (Carried 8-1; Councillor Sinewitz opposed; Councillor Moutsoulas and Councillor Gravel absent)
