REPORTS OF COMMITTEE

LEGAL AFFAIRS COMMITTEE AUGUST 22, 2013

P577-13 COUNCILLOR MANNING-MARTIN – Reporting for the Legal Affairs Committee – Legal Affairs did meet this evening to address one issue. Councillors present, including myself, were Councillor Garabedian, Councillor Gould, Councillor Osborne, and Councillor Driscoll as voting members; and by the end of the evening I believe all councillors were present. The issue on the agenda was the Howley Street bridge project and I will read you a portion of a letter from the Mayor to the council that gives a brief synopsis for the reason for this issue. "The Department of Public Services and the Massachusetts Department of Transportation Highway Division have planned the replacement of the Howley Street Bridge. This is a state-funded project to be undertaken out of necessity insofar as the existing structure has exceeded its assigned longevity. Critical to the success and timeliness of the construction includes the need to acquire temporary and permanent easements or licenses from non-municipal landowners to accommodate the new design. Such is accomplished by agreement or eminent domain takings. The responsibility is assigned to Peabody and requires City Council authorization." There was some discussion throughout the evening. City Solicitor Mike Smerczynski joined us as did an attorney representing one of the property owners -- a Mr. Flomp. Attorney Tara Ganguly joined us representing Mr. Flomp's point of view on this. And very briefly, \$2.4 million in funding would be jeopardized if we don't move forward with the recommendation, according to City Solicitor Smerczynski, to take the land by eminent domain. The owners of all of the parcels are in agreement and have either gifted or agreed to the takings, except for one property on Howley Street owned by Mr. Flomp. The city has, through City Solicitor Smerczynski, tried to work out an agreement with Mr. Flomp who indicated through his attorney his concerns in the temporary and/or permanent takings. He's concerned about the integrity of his building during the process, the noise, parking for

his tenants, and he fears losing an anchor tenant given the construction that will be taking place. So those were his concerns. He has not agreed with the taking. We hope that they continue to work on that matter and come to some sort of resolution but again the recommendation from the City Solicitor, which passed five to zero in subcommittee, is that we move forward on the matter for fear of a deadline date and losing a considerable amount of money in funding. And the end result of jeopardizing that and losing that would be that we would be on the hook for the entire cost of the project. It's outlasted use and it's become a safety issue and we would be on the hook for paying for that ourselves. So there was a motion that passed five to zero. (Report received)

P577A-13 – COUNCILLOR MANNING-MARTIN – MOVE, under suspension of the rules, to receive item 8-Q from William Paulitz, City Engineer, relative to temporary and permanent easements; Howley Street Bridge project.
(Unanimous)

P578-13 COUNCILLOR MANNING-MARTIN – Reporting for the Legal Affairs Committee – BE IT ORDERED by the City Council of the City of Peabody, Whereas, in the opinion of the Mayor and City Council of the City of Peabody, the public convenience and necessity of the inhabitants of the City require that the following parcels of land be taken as Permanent Bridge Easements and/or Temporary Construction Easements from certain owners of record of land abutting Howley Street, Peabody, Essex County, Massachusetts, as the same are more particularly described hereinafter, and whereas it is the intention of the Mayor and City Council to take said easements by right of eminent domain as set forth in the order of notice hereto annexed will fully appear, it is therefore pursuant to the legal descriptions submitted by the City Solicitor as attached hereto (SEE FILE FOR LEGAL DESCRIPTIONS. RECORDED AT THE REGISTRY OF DEEDS; BOOK 32776, PAGE 330).
